

WESTPRO

portable grinders

applications

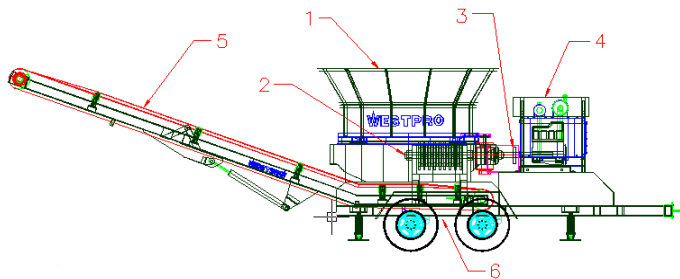

Westpro's versatile size reduction unit is designed for a vast range of applications.

- Waste Processing
- Wood Shredding
- Recycling
- Industrial Minerals

Capacity – 50 yards per hour, depending on material. (Model PGU_)

advantages

- Heavy duty construction
- Easily transported behind 1 ton truck
- Quick setup
- Easily converted to handle different products
- High stacking discharge conveyor
- Completely adjustable for different capacities

components

- 1. Feed Tub**
 - 8' top opening
 - Adjustable speed
 - Hydraulic lifting device
- 2. Size Reduction Unit**
 - Interchangeable hammers for different applications
 - High strength hammers for long life
 - Heavy duty construction
- 3. Clutch**
 - Torque limiting clutch
- 4. Diesel Drive Unit**
 - Cummins or John Deere
 - 80 HP – 100 HP
- 5. Discharge Conveyor**
 - Adjustable speed
 - High discharge
 - Hydraulic fold for transport
 - Heavy duty belt
- 6. Chassis**
 - Tandem axle dual tire
 - Pintle hitch
 - Electric brakes
 - Light package
