

Jaw Crushers

Westpro's heavy-duty jaw crushers are available as standalone units, modular assemblies, portable assemblies and as part of modular crushing plants. Generally used as primary crushers, these mine-duty jaw crushers provide excellent coarse material crushing performance in the mining and aggregate industries.

SIZES (TPH)

Model	Feed Opening (mm)	Discharge Setting (mm)														
		20	25	40	50	65	75	100	130	150	175	200	230	250	300	
JC1016	250 X 400	5-7	10-15	15-20	20-25	25-30										
JC1030	250 X 750	10-15	15-25	25-35	30-40	45-50										
JC1250	305 X 1295		50-70	55-90	75-110											
JC1624	400 X 600		20-35	30-50	35-60	45-70	60-80									
JC2030	500 X 750				50-70	60-90	80-120	90-140								
JC2436	600 X 900					70-110	110-135	125-185	140-205							
JC3240	800 X 1000					110-165	135-205	155-230	205-305	230-340	250-370					
JC3444	850 X 1100					185-225	250-305	310-375	365-440	425-510	480-580					
JC3648	900 X 1200						175-265	220-330	255-385	295-445	330-490	370-665				
JC4050	1000 X 1270						190-290	245-365	280-420	325-480	360-540	405-610				
JC4855	1200 X 1400						350-435	370-510	415-550	400-585	465-625	480-680	515-850	680-850		
JC6063	1500 X 1600							450-560	485-615	530-670	575-730	610-795	675-850	775-1000		
JC6072	1500 X 1800							550-710	615-790	660-865	710-900	785-970	830-105	885-1200		

ADVANTAGES

- Capacities of up to 1,000 tons per hour
- Boltable frame for larger crushers eliminates stress issues and allows for transportation in pieces
- Spherical self-aligning roller bearings designed ease of maintenance
- Large eccentric throw with a steep toggle angle to magnify the effective stroke
- Reversible manganese jaw plates for long life
- Hydraulic closed side setting (CSS) adjustment system also effective in clearing crusher cavity
- Shock absorbing discharge mechanism
- Automatic lubrication systems available

APPLICATIONS

- Mining
- Aggregate
- Demolition
- Industrial
- Construction
- Environment

HEAVY-DUTY DESIGN

LONG LIFE & COST EFFECTIVE

STANDARD REPLACEMENT PARTS

HIGH PRODUCTIVITY
