

WESTPRO

YOUR PROCESS TECHNOLOGY PARTNER

Westpro offers the very best in **THICKENER DRIVE** design and technology!

One of our many satisfied customers has enjoyed the efficient and reliable operation of Westpro's hydraulic thickener drive in their **TH138 Westpro Thickener** since 2009!

Westpro is supplying a **complete Retrofit of new bridge, drive and rakes for their TH140 Thickener** to optimise their process at another site in Saskatchewan!

For inquires on Thickeners and all other Mineral Processing Technology contact:
