

ANOTHER SUCCESSFUL COMMISSIONING BY THE WESTPRO TEAM

Westpro is proud to have completed another successful commissioning service for a previously supplied FL24 flotation machine and a AS24 attrition scrubber for a reverse flotation process at a project in North Carolina, USA. Westpro is happy to provide full life-cycle support for our all of our equipment across the globe.

Equipment: FL24-4PP Flotation Machine & AS24-2 Attrition Scrubber

Details: Reverse Flotation Process in NC, USA
